Presidential Address

"...technology has really changed the way we operate as a profession, and as an Association."

James Duggan, Southern Illinois University Law Library

Where has the year gone?

It's a beautiful spring/summer-like day, and I'm sitting at an e-mail terminal at the University of Illinois (I'm in town for a five-day conference on Learning Technologies sponsored by the Illinois Board of Higher Education). While it makes it pretty darn easy for me to get this column to Eric Cooper, editor of *MAALL Markings* (I could just drop the diskette by his office on my way back to the hotel), instead, I e-mailed it to him as I always do, thus three hundred miles, or less than a mile, technology has really changed the way we operate as a profession, and as an Association.

Mostly, the year has "gone" to a number of things: Mary Kay Jung and her committee have had an incredible success rate getting programs they submitted for the upcoming regional meeting selected (Kudos to them!); the Grants Committee is gearing up to receive applications for travel assistance; the Nominations Committee has been looking very hard at the best potential leadership for our chapter; Sally Kelley will be coordinating the MAALL table at the Anaheim annual meeting (and has already submitted several items to the *AALL Spectrum* Chapter News Column); Marilyn Nicely and her committee are hard at work on the Membership Directory; Janet McKinney has been paying the bills and keeping the books straight; and Eric Cooper and his staff have gotten this newsletter out, and on time! Great job, all!

I've been elected as Chair of the Chapter Council of Presidents for AALL, and will start my work with the Council in July. I'm excited about the position, and look forward to working with Mary Kay and the other chapter presidents.

Look for the announcement of the MAALL Luncheon and Business Meeting on page 3 of this newsletter. Hope to see you in Anaheim!
